Re: Ohio EPA Permit No. 2IK00023*BD
Application No. OH0135925
Facility: Personal Privacy Land Co LLC

Personal Privacy Land Company LLC
Personal Privacy/Ex. 6
Klamath Falls, OR 97603

Ladies and Gentlemen:

My staff has informed me that there is no longer any discharge from the referenced plant to waters of the state. Since a National Pollutant Discharge Elimination System permit is no longer required, the NPDES permit referenced above will not be renewed.

An NPDES permit application must be submitted at least 180 days prior to any change in your operation which would result in a permit being required under Chapter 3745-33 of the Ohio Administrative Code. You should also be aware that Chapter 3745-42 of the Ohio Administrative Code requires a permit to install be obtained prior to commencing any construction that would modify a treatment works to allow it to process waste in materially different character.

If you have any questions, please contact Chris Monroe in the Ohio EPA Central office at (614) 644-2007. Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "TK", is written over a horizontal line.

Tiffani Kavalec
Chief
Division of Surface Water
